## TRAINED FIRST AIDERS REGISTER

Use this form to identify your worksite's trained first aiders. Keep this list where it is easy to find in an emergency.

Update this list regularly.

| NAME OF FIRST AIDER | WORKSITE LOCATION | CPR<br>QUALIFIED | FIRST AID CERTIFICATE EXPIRY DATE | CONTACT NUMBER<br>(IF APPLICABLE) |
|---------------------|-------------------|------------------|-----------------------------------|-----------------------------------|
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
|                     |                   |                  |                                   |                                   |
